ACTIVITY SHEET

Artist

**Gary Woodley**

Title

*Impingement No. 66 'Cube Circumscribed by Tetrahedron - Tetrahedron Circumscribed by Cube' 2017*

Location

**The Stade, Sunny Sands**

12

Walk down the ramp to see the whole drawing.

Gary Woodley is inspired by lines, surfaces and edges all around him. Have a look around you. Where can you see lines? What types of lines are they? Are they straight, curved, wobbly, irregular, long, short, thick or thin?

Find a line on the ground. Look up, are there any lines in the sky? If you followed these lines, where would they lead you to?

Describe your lines in the box below.

Spread out a long sheet of paper. Choose a pen or a pencil and draw the lines that you can see without taking your pen or pencil off the paper.

**Marc Schmitz and Dolgor Ser-Od**

Title

**Siren**

Location

**East Cliff**

14

Walk around *Siren* and make some noises. Try clapping, stamping, shouting and whispering. How do these noises sound different depending on where you are standing?

How far away do you think you can be heard?  
Now stay really quiet for a while. What can you hear?

If you could speak to anyone using *Siren*, who would you speak to and what would you say?

If you could see the sounds, what would they look like? Draw your sounds below.
